The focus is on the daily tasks performed by lawyers, judges and business professionals when dealing with foreign counterparts and clients. The aim is to minimize the risk of misunderstandings and confusion among professionals of different backgrounds and cultures.

Tasks include:

- interviewing foreign clients and extracting useful information;
- reporting domestic law to foreign colleagues;
- reading legal and business newspapers;
- describing your domestic taxation system to a foreign colleague/client;
- extracting information from authentic case-files.
